Which Customers to prioritize for retention?

1. South region people should be prioritized.
2. Plus members should be given more priority as they have high retention rate
3. Medium income people and online store has a slightly large retention rate.

Which channels are underperforming?

1. online stores has more customers and a slightly more revenue but it is underperforming in the east region
2. offline store has less customer but its revenue is approx equal to online store
3. in the west region the offline store is underperforming.

How to strengthen loyalty program engagement?

1. Promo user churned the most that means we are not giving the discount and offers on the promo code.
2. customers are not happy with the current promotion campaign so we have to change the strategy .
3. Make the Promo code easier to apply and provide little discount on auto apply coupons.
